23<sup>rd</sup> January 2018

Dear Sir/Madam,

**Greetings from Siruthuli !**

Siruthuli is an organisation, which is aimed at protecting and preserving nature and the environment around Coimbatore city. Creating awareness among people across the cross sections of the society is one of the important pillars of Siruthuli's activities. Children being our future generation, creating awareness among them take an important place in Siruthuli's awareness activities. Nurture Nature Camp (NNC) held every year by Siruthuli, educates students about nature and the environment around them and guides them in becoming more responsible in the matter of protecting and preserving the same by making small changes within their purview and capacity.

For the last 11 years more than 1200 children from various schools in Coimbatore learned in detail about Water Resources and management, Afforestation, and Waste Management in a play way and hands on method at Siruthuli's NNC. This time, we are entering into our twelfth year, and we are happy to invite students through schools for the camp.

Please find below brief instructions to be followed during Nurture Nature Camp 2018 -

- All students have to register only through their respective schools.
- **Only five students from each school (classes 6th, 7th & 8th) along with a teacher** to join us for this camp.
- **Registration will stop at 100 students** and entry is strictly on the basis of **first come first serve**.
- Schools that have joined us before, kindly ensure that students who have **already attended our NNC/Sittukaludan Siruthuli programme can be avoided** and send fresh students to join this camp.
- There will be **NO registration charges**.
- **The camp is for six days from 16th April 2018 to 21st April 2018.**
